He attributes his unusual activity and good health to the fact he has found in a spring on the side of a mountain at South Orange, N. J., the fountain of youth that attracted Senor de Leon to Florida many years ago. The celebration was held in the house in which Mr. Tillou was born. The spring which has kept him healthy is near his dwelling. Mr. Tillou is South Orange's oldest inhabitant. —Justice to Pittsburg demands publicity for its good as well as its bad points. In one of the Pittsburg hospitals lies a man, much battered and worn, name at present unknown, for he has not yet recovered sufficiently to talk, who tried to "Wild West" a restaurant. His dramatic command to the occupants to put up their hands and valuables without delay was the signal for one or two natives to rise up and smite him, take away his revolver and jump on him without regard to long established custom, which ordained that they should stand with chattering teeth while the villain went through their pockets.
